

# HOMEFLAME

[www.maxibrite.co.uk](http://www.maxibrite.co.uk)

Maxibrite is a UK leader in manufacturing high quality smokeless briquettes

A premium product designed for open fires and multi fuel stoves. Homeflame is HETAS approved and authorised for use in smoke control areas by DEFRA. The large pillow shaped ovoid is easy to light and control, provides a high radiant heat output, good burn duration, low ash, clean burning and burns with a lively flame.

Briquette Size: 110g Sulphur Content: less than 2%
